

Parental controls guide

Virgin Mobile guide

Parental Controls information

Type of guide

Broadband & mobile networks

Features and Benefits

Virgin Mobile Parental Controls allow the account holder to restrict access to sites that are only suitable for people 18 or over (plus social networking sites), as well as limiting access to specific websites.

What specific content can I restrict?

Innapropriate content

Social networking

What do I need?

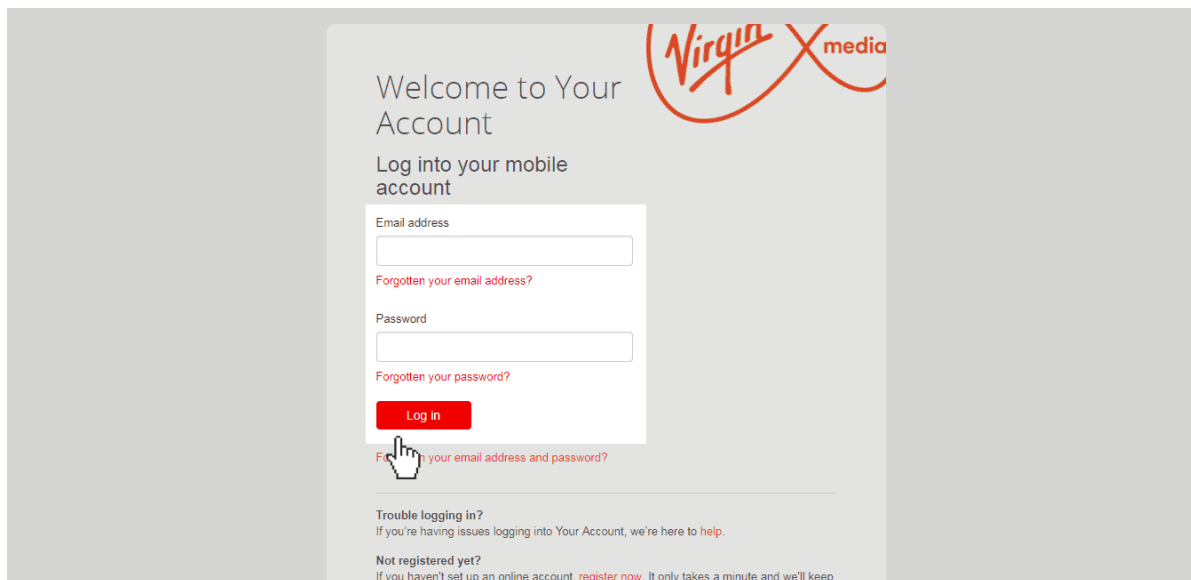

A Virgin Mobile account (Email address and Password) If you haven't signed up, you will need the Virgin Mobile number and your contact details.

Virgin Mobile guide

Step by step guide

1

To turn parental controls on simply call 0345 6000 789 from your child's mobile phone or visit Virgin Mobile's account page and log in using your Email address and Password. If you haven't got an account click the 'Create Your Account' button.

The screenshot shows the Virgin Mobile account login page. At the top right is the Virgin X media logo. The main heading is "Welcome to Your Account" followed by "Log into your mobile account". Below this are two input fields: "Email address" and "Password". Each field has a "Forgotten your [email address/password]?" link below it. A red "Log In" button is positioned below the password field. A mouse cursor is pointing at a link that says "Forgot your email address and password?". At the bottom, there are two sections: "Trouble logging in?" with a "help" link, and "Not registered yet?" with a "register now" link.
